AnastasiaDate lists top destinations for a romantic spring getaway

[AnastasiaDate](#) has conducted research for finding four ideal European cities where members can enjoy spring romance. As one of the most popular online dating sites, they love to do all they can to give members helpful advice for dating. The cities picked all have an exciting atmosphere, stunning sites and lots of places to enjoy romance. Singles can book trips to spend time with their love interest in these romantic European cities.

The first name on the list is Zagreb, the historic and gorgeous capital of Croatia. It is also the country's biggest city and with its rich culture will serve as a great vacation spot where lovers can get to know each other better. It is one of the most popular tourist destinations in the region but isn't awash with people, so couples can still enjoy a romantic rendezvous together.

The second European city [AnastasiaDate](#) thinks their members may enjoy visiting is Bucharest, [the capital of Romania](#) and often an underrated tourist destination. Bucharest also carries a rich history and couples will surely enjoy long walks on its historic streets. There are many lovely restaurants where to enjoy romantic dinners.

The third city [AnastasiaDate](#) has chosen is Sofia, the capital of Bulgaria, known as one of the most loved destinations where couples enjoy their vacations. The reason Sofia made it into the list is because of its famous nightlife and party scene. It is also located in a unique area of Mount Vitoshka which makes it one of the most amazing sights to see.

Last but not least [AnastasiaDate](#) lists the fantastic city of Bratislava, capital of Slovakia. Although it is a big city, it still has a medieval old town charm and is among the favourite cities for couples looking to spend a romantic vacation together. Bratislava is known for its attractive and exciting nightlife.

[AnastasiaDate](#) puts a lot of effort into bringing the [best dating advice](#) for their valued members. They make significant investments each year in research, in boosting their anti-scam methods and making sure they have the latest and greatest technology available.
