Being patient with the woman you just started dating is the ideal way to show her that you're seriously interested in her and truly looking for a relationship and not just one night together. In Ukraine, having sex on the first date means that you are only interested in a short term relationship.

If you have ever been on a date, you probably know just how long it takes to get ready for it. Of course, who would not want to impress the other person on the first date.
